SAFETY SECURITY PROTECTION

Cashier Pedestals

Introduction

Safetell Cashier Pedestals have been designed to protect cash from theft and robbery.

A cash drop facility allows cashiers to drop cash into the armoured secured time delay enclosure at the base of the unit.

The upper two drawers are secured either by a central "push to close" key lock, supplied with two keys, or optionally with individual drawer locking.

The second drawer contains the cash drop facility allowing cash to be dropped into the armoured enclosure below.

Construction

Drawers are mounted on heavy duty fully extendible slides.

Drawers and unit bodywork are finished in a durable light grey polyester powder coat.

Options

- The top drawer can be fitted either with a removable locking cash box, or coin bowls and note dividers
- The second drawer can be fitted with adjustable note dividers in the front portion
- The secure enclosure can have the time delay lock substituted with a key operated slam lock or combination lock unit
- The top and second drawer can have individual locks
- Nationwide Safetell installation

Additional Safetell Capability

- Supply and installation of counterwork, bullet or attack resistant glazing, cash scoops, doors, walls, bulk transfer units, cash recycling safes, cash drawers, and other security equipment
- Access control systems
- CCTV systems

FEATURES

- Armoured time delay enclosure
- Locking of upper drawers through central "push to close" key lock, or optionally through individual drawer locks
- Nationwide installation
- Nationwide support
- Capability for large programmes and projects

APPLICATIONS

- Banks
- Building Societies
- Cash handling operations
